AI Innovator | Ex-Intern @EY | AI/ML Mentor @Google DSC  
BBDITM | 1007 @CodeChef | 1527@LeetCode | Turning learning  
into creation and curiosity into learning  
Lucknow, Uttar Pradesh, India

## Summary

Hi there, I'm Aarushi, a dedicated AI/ML enthusiast deeply passionate about crafting impactful, production-grade models using diverse frameworks. Currently in my pre-final year at BBDITM, I am focused at excelling in academics with an average SGPA of 8.68 but I also thrive on leveraging cutting-edge technologies to develop solutions that cater to the needs of multiple users.

What I do: I revel in the challenge of harnessing different frameworks for human betterment with the help of ML. I enjoy the process of transforming concepts into tangible, user-friendly models that can solve complex problems.

I am open to collaborations, internships, and opportunities where I can apply my AI/ML knowledge to create impactful solutions and contribute to innovative projects.

---

## Experience

### GDSC BBDITM

AI&ML Mentor

August 2023 - Present (1 year 2 months)

Lucknow, Uttar Pradesh, India

### EY

AI\ML Intern

March 2024 - May 2024 (3 months)

Gurugram, Haryana, India

Integrated Azure Open AI services proficiently to streamline operations, with a focus on document parsing, enhancing information retrieval and analysis capabilities.

Utilized Python for robust data analysis and visualization, providing critical insights into client data sets, showcasing a strong grasp of data analytics and client needs.

Delved into vector databases and text embedding models to develop and implement a powerful RAG (Retrieval-Augmented Generation) system. This innovation revolutionized question-and-answer sessions on financial assets, ensuring accuracy and efficiency in addressing client inquiries.

Copilotify

Generative AI intern

June 2023 - July 2023 (2 months)

India

---

## Education

BABU BANARASI DAS NATIONAL INSTITUTE OF TECHNOLOGY  
AND MANAGEMENT, LUCKNOW

Bachelor of Technology - BTech, Computer Science(Artificial Intelligence and  
Machine learning) · (October 2021 - October 2025)

St. Fidelis College

High School , Science and arts · (2006 - 2019)

Rani Laxmi Bai Memorial School (R.L.B.)

Senior high school, Mathematics · (May 2019 - August 2021)
